\* Unless you provide us with new instructions, upon maturity, Term Deposits will automatically roll over for an identical term at our current interest rate applicable to that term. When funds are renewed for the same fixed term as before, the applicable interest rate may be higher or lower than the interest rate received in the previous term. This is because the rates we offer change from time to time.

\* At the end of your Term, should you wish to modify your Term Deposit, such as the amount invested or the length of the term, we will require your instructions 2 calendar days before but no later than 7 calendar days after the maturity date ("term deposit rollover grace period")

**These are 'special offers' and are not available in conjunction with other benefits such as Freedom Package, Shareholder Advantage or Workplace Banking offers.**

#### Term Deposit Early Withdrawal Rate

Interest rates are offered on the basis that you agree to invest an amount of money for a certain length of time. You can withdraw all of your term deposit funds at maturity without incurring an interest rate adjustment. We may allow you to access your term deposit funds at other times than maturity, however you will lose a proportion of the interest. 31 calendar days notice is required. The amount of interest charged as an interest rate adjustment will depend of how early in the term you seek to access your funds - as outlined in the table below.

Proportion of term completed	Interest Rate Adjustment Reduction
up to 5%	95% of your deposit rate
up to 25%	80% of your deposit rate
up to 50%	60% of your deposit rate
up to 75%	40% of your deposit rate
up to (but not including) 100%	20% of your deposit rate

If you have already received interest before maturity date (as would be the case with monthly, quarterly, 6 monthly or yearly interest payments) and you close your term deposit early – Auswide Bank will deduct an interest rate adjustment from your final interest payment and/or principal.
