# PERSONAL BANK ACCOUNTS Terms and Conditions

Our Terms and Conditions contain important information on Auswide Bank Ltd's accounts and banking services for customers choosing a "personal" bank account.

They consist of these documents:

- Personal Bank Accounts Fees and Charges (this one)
- + Personal Bank Accounts Features
- + Guide to Banking Services
- + Privacy Policy

You should read these documents together before making a decision to open an account with us, acquire any banking services or make any transactions.

This information has been designed to effectively help you:

- decide if our accounts and banking services meet your needs
- compare all the features, terms, conditions, fees and charges of our accounts and banking services with those of others

In issuing these Terms and Conditions Auswide Bank ("we"/"our"/"us") hasn't considered your particular personal objectives, financial situation or needs, so it's possible that a facility may not suit you specifically.

## Updating these Terms and Conditions

The information in these Terms and Conditions is current as at the effective date and may change from time to time. Where required by law or where we are participating in a Code of Conduct, we will notify you in advance of any changes in accordance with the requirements of that law or code.

You can also find out more about our current Terms and Conditions by:

- talking to one of our helpful consultants at any branch or phone **1300 138 831**
- looking online at [www.auswidebank.com.au](http://www.auswidebank.com.au)

# Auswide Bank's PERSONAL BANK ACCOUNTS Fees and Charges

## Why Are Fees and Charges Necessary?

Every time a customer completes a transaction or requests assistance with a particular banking service there is a cost involved.

The cost to deliver these services can be either direct (the provision of staff assisted transactions) or indirect (charged to us by third parties involved in the process). For example, every time you use your Debit Card at a non-Auswide Bank ATM, we incur a fee.

While we subsidise many costs associated with the banking services we provide, customers are asked to help contribute towards the costs of their various transactions and banking services.

You will only pay a fee when you:

- use a particular service (eg. transaction fees)
- fail to meet a commitment you have made (eg. dishonour fees)
- select an account on which a fee is deemed necessary to offset our administrative costs etc (eg. account service fees)

Without these charges, some customers would in effect be subsidising the activities of other customers who frequently use these services. For example - our depositors and borrowers would receive lower interest rates on their investments or pay higher interest rates on their home loans to pay for the costs of these services. This would make us uncompetitive and threaten our viability.

Fees and charges are part of the solution that helps:

- ensure fairness for all our accountholders as a whole
- ensure a viable company that will continue to offer you a wide range of existing and new services
- enable us to protect our branch and agency structure and associated employment opportunities

Our market research indicates that our fee schedule is fair and reasonable given the current application of fees and charges by other financial institutions.

We provide a number of options to help you minimise fees and charges, including high fee free limits (on transaction fees), various waivers (of account service fees) and a wide range of account choices to cater for different needs.

Our staff will be pleased to assist you to examine your accounts and financial transactions in order to help you minimise, and avoid if possible, incurring fees.

## FEE CHARGING DATES

When reading the tables in this document, these symbols inform you **when the fee will be debited from your account** - to ensure you have sufficient funds in your account at this time:

▲ debited at the end of the calendar month

▼ debited at the time the fee is incurred or when a particular service is used

**Please note:** Auswide Bank will overdraw your account balance until fees and charges are recovered from you.

■ Where charged on specific account types, a separate fee applies to the primary and each sub-account.

\* S2 is no longer available for new accounts from 24 May 2014. If you have an S2 account you should now refer to the S1 Everyday Choice for your current applicable account terms, conditions fees, and charges etc.

■ The purpose of this account is to store funds saved during the year to alleviate the extra expenses Christmas brings, so withdrawals of savings and interest are limited to the withdrawal period December 1 to January 31. Withdrawals are not available between February 1 and November 30. Should you require access to funds during this period the account will be closed and a lower rate of interest will be paid. The lower interest rate may be set at 0%. Refer to 'Personal Bank Accounts Features' for full details of the early closure rate adjustment.

■ The purpose of this account is to nurture disciplined saving in preparation for taking on the financial responsibilities of home ownership, so withdrawal of a partial or the whole balance from your Home Deposit Saver requires 3 days notice via a written and signed authority addressed to Auswide Bank.

§ This account is designed for net-savvy savers so is limited to 'online' management. Funds can only be transferred using internet, mobile or phone banking - and are limited to your linked Everyday Access account, to which administrative fees may apply. Should there be inadequate funds in the Everyday Access to cover any of its fees, they may be recovered from your Online Saver.

# HANDY HINTS TO MINIMISE FEES!

Our “personal” bank accounts have been designed to help you save on fees and our friendly staff specialise in tailoring customers the best accounts and banking services for their needs and lifestyle. We recommend you first talk to an Auswide Bank Customer Service Consultant about your individual needs, as they’ll help you choose the Auswide Bank solutions that can minimise your fees.

You could also:

- consider the various accounts offered by Auswide Bank and restructure your finances according to your needs. For example the Everyday Access account provides you unlimited free Auswide Bank withdrawals in return for a competitive monthly account fee. While the Everyday Choice account provides generous fee free limits on most withdrawals, and you may totally avoid paying the monthly account fee by retaining a balance of \$1000
- choose the account that is best for you - you may be entitled to waivers.
- keep your account active or combine accounts you don’t use in order to avoid the Dormant Account Administration fee.
- take advantage of any monthly “fee free” limits on transactions.
- consider opening a “qualifying account” to avoid paying the monthly account fee on the Visa Debit account.
- consider the benefits of telephone, internet and mobile banking.
- pay bills using BPAY rather than by cheque or direct debit.
- make larger withdrawals with your Visa Debit Card instead of frequent withdrawals for smaller amounts. If possible use your Visa Debit Card for withdrawals and balance enquiries at Auswide Bank ATM’s whenever you can.
- check your balance on the receipt provided after making a Visa Debit Card withdrawal, rather than requesting a separate balance enquiry.
- ask for cash when purchasing goods using EFTPOS as it will only be counted as one transaction.
- withdraw more money less often to cover purchases and expenses especially if they will be incurred on the same day.
- avoid dishonour or reject fees by ensuring you always have sufficient cleared funds in your account to cover the total amount of cheque or electronic payments. **Please note** - funds from cheques recently deposited to your account are unavailable until the relevant clearance period has passed. Details of clearance periods are available at your local branch. Taking advantage of our auto-sweep facility could assist you in avoiding dishonour or reject fees.
