## Banking Your Way – Now on Saturdays

Wide Bay Australia have taken one more step in making banking easier and more accessible with the Hinkler Central branch now open every Saturday.

“We are committed to our customers and have listened to suggestions on how to make banking more accessible. By opening on Saturday mornings we are able to offer a convenience that we have not offered through traditional banking hours in the past” said Matthew Dunnill, Central Queensland Regional Manager.

The Hinkler Central Branch will be open from 9am - 12noon each Saturday with full banking facilities and services available. Specialised staff will be present to answer all your finance and banking needs.

“As a regional banking institution we are offering these flexible times which benefit customers regardless of the constraints of their work hours. Wide Bay Australia is challenging the major banks with great home loan, banking and finance solutions and exceptional customer service” said Matthew.
