Auswide Bank's lowest home loan interest rate in 50 years!

- **One of Australia's leading home loan offers!**
- **Available for home purchase, construction or refinance purposes**

Auswide Bank today launched a new home loan interest rate of 3.69%p.a. fixed for 3 years. The rate reverts to the bank's discounted package variable rate upon expiry.

Martin Barrett, Auswide Bank Managing Director said this is Auswide Bank's lowest advertised home loan rate in over 50 years.

"Our special offer is available to approved applicants for purchase, construction and refinance purposes on new 'principal & interest' home loans of \$150,000 or more for LVR's up to 90% for residential homes in which the applicant intends to live."

"We think it's a fantastic offer and one of Australia's leading home loan rates. There has never been a better time to seriously consider a home loan, upgrade your home or move from your existing lender to Auswide Bank."

"Our fixed rate home loans include 'big difference' features such as additional payments and online redraw which you won't receive on most fixed rate home loans. They are also available for construction. Plus at Auswide Bank you can count on being supported by a team of people that will remain interested in you now and in the future."

Mr Barrett said the Queensland-based bank was established in 1966 as a building society and is celebrating 50 years of helping Australians achieve home ownership.

Terms, conditions, fees and charges apply. Comparison rate is 4.87%p.a. based on a secured loan of \$150,000 or more over 25 years. WARNING: The comparison rate applies only to the example given. Different amounts and terms will result in different comparison rates. Costs such as redraw fees or early repayment fees and cost savings such as fee waivers are not included in the comparison rate but may influence the cost of the loan.

Small things. Big difference.
