Auswide Bank slashes home loan rates

- **Leading home loan offers!**
- **Available for home purchase, construction or refinance**

Auswide Bank has launched a special discounted variable home loan rate of 3.79%pa.

The rate is available to approved applicants for purchase, construction and refinance of residential homes in which the applicant intends to live and represents a 'life of loan' discount of 1.54% off Auswide Bank's standard 'owner occupied' home loan reference rate.

It applies to new 'principal & interest' home loans of \$150,000 or more with loan-to-valuation ratios of up to 90%.

Auswide Bank is also offering a 4.12%pa discounted interest rate for customers seeking finance for new investment home loans.

Damian Hearne, Auswide Bank Chief Customer Officer said these latest offers compliment some leading fixed rate offers for owner occupied and investment home loans.

"Our 3.79% offer again proves Auswide Bank is providing a competitive, if not superior, home loan offer compared to our competitors."

"This is a great opportunity for home buyers or customers looking to refinance their existing home loans and start their experience with Auswide Bank."

Auswide Bank is a leading provider of home finance providing benefits such as additional repayments, online redraw and package benefits such as savings on fees, insurance and credit cards.
